EXPERIENCE

AUG 2016 **UX / UI DESIGNER (DIGITAL
PRODUCER)**
PRESENT
Despark | Sofia, Bulgaria / London, UK

My role at Despark consists of making final design decisions during the discovery phase. I am responsible for the creation of experiences, user flows, sitemaps, wireframes, prototypes and design elements based on constant communication with product owners and clients. I am interacting with developers and visual designers during the design life of a product. Using tools like Sketch, Invision, Principle or Flinto to support my role.

APR 2015 **DIGITAL DESIGNER**
PRESENT
Boris Kirov

I have been working as a freelance designer doing mainly gigs with After Effects for motion graphics and animation projects. Applying knowledge and skills with different software to complete customers request.

AUG 2016 **UX DESIGN INTERN**
FEB 2016
